From the tailgate: Co-op Connections Card

Guernsey-Muskingum Electric's commitment to you goes beyond providing safe, reliable and affordable electricity. We're always looking for ways to provide value to our members and the communities we serve, especially during tough economic times.

That's why Guernsey-Muskingum, in conjunction with the other Touchstone Energy® co-ops serving 22 million member-owners nationwide, has launched the Co-op Connections® program. This new card-based member benefit program is designed to deliver added value for our members by offering valuable discounts at participating national businesses. *And it's free.*

The card gives you access to online savings at more than 90 national retailers like Barnes&Noble.com, Hertz Rental Cars, Best Western hotels and ProFlowers.com. You can check out these great national discounts at www.connections.coop.

One of the most valuable features of the Co-op Connections card is the pharmacy discount. While not insurance, the discount can deliver savings of 10 to 60 percent on prescription drugs. The logo and information on the back of your card is recognized at more than 60,000 national, regional and local pharmacies.

The pharmacy discount has been widely used by co-ops that are members of Touchstone Energy Cooperatives, resulting in combined savings of nearly \$20 million on prescriptions. Want to find out more? Log on to www.locateproviders.com to search for pharmacies in our area honoring the card. Use code 22203 as the group number under the "Groups" login section. Next, enter your ZIP code.

You will receive your Co-op Connections Card with your bill this

Guernsey-Muskingum local information

Guernsey County Fair

Come out to the Guernsey County Fair Sept. 13–19 and visit the Guernsey-Muskingum booth under the grandstand. G-M staff will be on hand to speak with you about the various programs and services provided by your cooperative.

GMEC has new operations superintendent

Guernsey-Muskingum Electric Cooperative, Inc. is pleased to announce that Rob Weber has accepted the position of operations superintendent. He began his new duties in July. Rob was hired by Guernsey-Muskingum in 1993 as a 2nd class lineman and began as a journeyman lineman in 1994. He has been a crew leader since August 2009. Rob lives in New Concord with his sons, Tristen and Hunter.

From the tailgate:

(—continued from page 27)

month. The cards can be used immediately at participating businesses and pharmacies.

We will be happy to answer any questions you have about the card and how to take advantage of the discounts it provides. Call us at 800-521-9879.

So while our number one priority is keeping the lights on, Guernsey-Muskingum is also committed to bringing additional value to our members and the communities we serve. The Co-op Connections program is just another way to accomplish that goal. That's the cooperative difference.

Cardinal plant tour

If you are interested in touring a power plant that generates your electricity, please call Guernsey-Muskingum's member services department today at 1-800-521-9879.

You, a cooperative member, are one of the owners of the Cardinal Generating Station in Brilliant, Ohio, and this will be a chance to see it in operation.

The arrangements are being made for **Wednesday, Oct. 6**. A bus ride, tour and lunch will be provided.

Seats will be reserved for G-M members who have not taken the tour in the past. Please call, as seats are limited and will be filled on a "first-call/first-served" basis.

Please be aware that if there would be a "high" or orange security warning issued by the U.S. Department of Homeland Security, the tour may be canceled. If you have any questions, please call your cooperative. We will be monitoring the situation.

Please, be our guests! But don't delay!

Stealing electricity and meter tampering are crimes

Since August 1978, a revised Ohio law has been in effect covering theft of utility service and tampering with utility equipment. The statute provides that a person does not have to be seen tampering with a meter to be held responsible for such action. Prior to the revision in the law, it was difficult to prosecute a person for meter tampering unless the action was witnessed.

In addition, in prosecution for a user's reconnecting a device that was disconnected by a utility, such activity now is considered prima facie evidence that the user intended to defraud the utility.

The law defines theft of a utility service as a first-degree misdemeanor if the value of the stolen electricity, plus any utility equipment repair, is less than \$150. It's a fourth-degree felony if the value is more than \$150 or if the offender was previously convicted of the charge. Tampering convictions carry similar penalties.

Tampering is defined "to interfere with, damage or bypass a utility meter, conduit or attachment with intent to impede the correct registration of a meter or the proper function of a conduit or attachments."

Conviction can bring from six months in jail and a \$1,000 fine to five years in jail and a \$2,500 fine.

Meter tampering costs all of us. It costs the cooperative, and it costs you. And it's downright dangerous. If you witness someone tampering with an electric meter, contact your cooperative office. Stealing electricity is a crime, and anyone caught violating the law will be prosecuted.

OFFICIAL NOTICE Certification of Active Duty Deployment Guernsey-Muskingum Electric Cooperative, Inc.

The cooperative will not disconnect electric service to the residential premises of any residential member who is deployed on active duty for non-payment for electricity provided to the residential premises.

Upon return of the residential member from active duty, the cooperative will offer the residential member a period equal to at least the period of deployment on active duty to pay any arrearages incurred during the period of deployment. If the period the cooperative offers the residential member for repayment presents a hardship, the member may request a longer period to repay the arrearages. No late payment fees or interest will be charged to the residential member during the period of deployment or the repayment period.

"Active duty" means active duty pursuant to an executive order of the president of the United States, an act of the congress of the United States, or section 5919.29 or 5923.21 of the Ohio Revised Code.

The residential member must resume the timely payment of all charges for electric service provided by the cooperative after the return from active duty deployment.

In order to avoid disconnection of electric service for nonpayment for electric service during a period of active duty deployment, a completed Certification of Active Duty Deployment form must be submitted to the cooperative. Certification of Active Duty Deployment forms are available from the cooperative upon request.

Sign up for a bus trip to the

2010 FARM SCIENCE REVIEW

Wednesday, Sept. 22

Yes, I/we would like to join our co-op
and ride in a Park Tour Bus to the
Farm Science Review at London.

Please reserve _____ seats at \$25 each.

Name _____

Phone _____

Address _____

Enclosed is a check for \$ _____
Please make check payable to GMEC.

**DON'T WORRY ABOUT THE TRAFFIC,
LEAVE THE DRIVING TO US!**

Your ticket covers the bus trip to and from the Review,
plus coffee and doughnuts in the a.m. and your ticket into
the Farm Science Review. Bus departs Cambridge
at 6 a.m., and Zanesville at 7 a.m.

Mail or return to:

**Guernsey-Muskingum Electric Cooperative, Inc.
17 S Liberty St, New Concord, Ohio 43762**

For more information, call member
services at 1-800-521-9879.

I WILL BOARD THE BUS AT

CAMBRIDGE ZANESVILLE

HELP US IMPROVE

In September and October, your electric cooperative will be working with Strategic Marketing and Research (an Indianapolis IN based research firm) to implement a phone and Internet member satisfaction survey. This research will allow us to learn more about how to serve you better.

Should you be contacted, we hope you will take a few minutes to share your thoughts with us.

Thank you!
We appreciate your help.

The Guernsey-Muskingum Electric Cooperative office will be closed on

Monday, Sept. 6,

so that our employees and their families can celebrate Labor Day.

The office will be staffed for emergencies.

For outage assistance, call
1-800-521-9879 or 740-826-7661.

We wish you a safe and fun
Labor Day Weekend!

Are your name and location/account number here?

If they are, call your cooperative's office and receive a **FREE** home changeout to compact fluorescent light bulbs. (Limit 18 bulbs.) Thanks for reading the "local pages" of *Country Living* magazine.

OFFICIAL NOTICE MEDICAL CERTIFICATION

Medical certification forms are available upon request at Guernsey-Muskingum Electric Cooperative, Inc., office for those persons who must certify that discontinuation of electric service would make the operation of necessary medical equipment impossible or impracticable, or that such discontinuation of electric service would otherwise be dangerous to the health and welfare of persons residing in the household.

In all cases where discontinuation of service would be especially dangerous to life and welfare of the occupants within a household, the consumer should contact the cooperative and request a "Medical Certification" form. This form must then be completed and certified by a licensed physician or local board of health and filed with the cooperative.

Energy Efficiency

Tip of the Month

Now is a good time to have your heating system checked and routine maintenance performed. Preventive maintenance can help avoid bigger problems in the future. When the first hot or cold spell hits, our systems get tested for the first time that season. That first cold snap is often when problems occur. HVAC contractors get very busy and your system may not get fixed as soon as you would like. Often contractors will offer off-peak service specials to fill their slower times. Also, if you need to replace a furnace or heat pump you have time to shop around and make informed decisions rather than taking whoever is available first so you can have heat.

Would you please help your cooperative find former members?

Guernsey-Muskingum Electric would like your help in locating the following former members (or their heirs) who received service from the cooperative in prior years.

Capital credit refund checks were mailed to former members listed in this *Country Living* issue. These checks have not yet cleared the bank or have been returned to Guernsey-Muskingum as “undeliverable.”

If you have information on any of the names in the capital credit refund listing, please call the cooperative office at either of the numbers listed below and provide the information to the member accounting department.

The cooperative is aware that many of the former members listed are deceased. However, we are looking for surviving family members who are eligible to receive the capital credit check. Thank you for your help in locating our former members.

Lamps to Camp

Since 1978, Guernsey-Muskingum Electric Cooperative has been helping 4-Hers at Guernsey and Muskingum counties' 4-H camps to construct a lamp they can take home and use.

The lamp consists of a wood base cut in the shape of a four-leaf clover, a pop can, and the switch and shade top. Guernsey-Muskingum subsidizes about half of the cost of the kit and two employees attend and instruct the campers on putting the lamp together.

About 2,500 4-H youth have taken part in "Lamps to Camp" over the years. It has been an excellent opportunity for them to learn about electricity, electric safety and the construction of an electric lamp from about 15 parts. We are now even having some second generation "lampers."

GMEC employees Ray Crock and Tim Fisher with campers from Guernsey County 4-H Camp with their completed lamps.

Energy efficiency tax credits still available

You still have a few months left to take advantage of federal tax credits for energy efficiency improvements around the house.

*Ray Crock,
Energy Advisor*

Last year's federal stimulus bill allows for a 30 percent tax credit on qualifying improvements made before the end of 2010.

A credit of up to \$1,500 is available for improvements made for qualifying biomass stoves, heat pumps, air conditioning, insulation, roofing, heat pump water heaters and replacement windows and doors.

The 30 percent tax credit has no limit if you choose to install a geothermal heat pump, the most efficient way to heat and cool your home. This is also true for residential wind turbines and

photovoltaic (solar) energy systems.

For more information on how the program works and which product qualify, visit www.energystar.gov.

Office hours changing

Beginning Tuesday, Sept. 7, the office will return to normal business hours:

Monday–Friday 8 a.m. until 5 p.m.

Saturday 8 a.m. until 4 p.m. (*Drive-up service only*)

The cooperative's night depository always is available for your convenience after business hours.

Did you know ...

The refrigerator accounts for about 10 percent of a home's energy use. Make sure the seal around the door is clean and closes tight.
